

SULA Desk

holme.

DESCRIPTION

The one-person SULA desk is a unique combination of modern design with ergonomic use. The bench's design enables quick and easy rearrangement of the classroom furniture for group work. The top is made of laminated board in natural and black versions.

There are also available versions covered with FORBO antibacterial furniture linoleum in colors matching the chairs. The frame structure of the desk, covered with a powder varnish, is durable and resistant to damage. The bench is equipped with a special holder to suspend Boto chair under the worktop and two safe holders for backpack.
